These topics can include science, geography, research, food, health, technology, society, and current events.
Students will also learn how to synthesize information from different sources in order to extract topics and controlling ideas. Students will begin working on analyzing qualitative and quantitative data.

Students will learn to understand lectures, participate in debate, deliver effective presentations, improve their pronunciation and note-taking skills, in addition to attending special topic academic discussions.

These courses include debate, pronunciation, academic and business writing, grammar, culture, technology skills, and academic preparation.

**Students take 23-25 hours of face-to-face classes each week in addition to Student Success Activities,** which occur on Friday afternoons. These activities are a great opportunity to practice your English, and learn more about American culture and history. How are students evaluated?

In your classes, you will take tests and other assessments to see if you are progressing and have developed the skills to advance to the next level. There is a comprehensive final exam at the end of every session for each class. In addition, instructors give shorter tests and quizzes during the session. You may check your progress for each class in Webcourses throughout the session. Your progress grade in Webcourses may not be your final grade. If you are concerned about your grade, you should talk with your instructor.

How are the classes graded?

Classes are graded on a letter scale. For core classes (Grammar, Reading, Writing, and Communication Skills), the grading scale is as follows:

<table>
<thead>
<tr>

ACADEMIC VOCABULARY

The educational system in the United States may be different from your home country’s system. It is your responsibility to become acquainted with the new system. Please use the glossary at the end of this handbook for explanations of some academic vocabulary commonly used in the United States.

WHAT IF I DON’T DO WELL IN A CLASS?

If you fail a class ‘R’ grade, you will be allowed to retake it one time. If you fail the class on the second try, you may be dismissed from the program for not making academic progress.

If you pass a class with a C+ or below, you may request to repeat the class to achieve a better grade. You may repeat a class only once and you may only request to repeat two classes while in the program.

We encourage you to visit your instructors during office hours to receive additional help. You should also utilize the Homework Help Lab for assistance with Reading, Writing, and Grammar.

In good academic standing means the student has not violated the attendance policy (see page 23) and demonstrates active engagement in the classroom activities and assessments.

CAN I BRING MY CHILDREN TO CLASS?
Due to safety concerns, children are not allowed in classrooms at any time. In addition, children should not be left alone in the hallways, at the front desk, or in the common areas while their parents are in classes or meetings. Parents should also be aware that students may be taking tests at any given time of the day, and noise disruption should be kept to a minimum during class time. If you wish to seek on campus child care, the UCF Creative School for Children provides additional parental support for full time students.
For more detailed information, visit: csc.sdes.ucf.edu

WHAT DO I NEED TO KNOW ABOUT CONDUCT AND BEHAVIOR?
UCF Global is home to students from many different cultural, language, and religious backgrounds. We want all students to interact with their classmates to learn about different cultures. However, communication can sometimes be difficult because students are learning English at different levels. We expect all UCF Global students to be patient, sensitive, and understanding with each other.
The following guidelines will help you avoid problems and be respectful of your classmates:

» Show respect to all students and instructors.
» Do not make jokes about other countries, languages, cultures, or religions.
» Do not make sexual jokes or make unwanted sexual/physical contact with other students.
» Do not disrupt or disturb class in any way.
» Do not use illegal drugs or alcohol, or go to class under the influence of any illegal drugs or alcohol.
» Do not eat or drink inside classrooms or labs.
» Do not use profanity (curse/bad words) or upsetting or harmful language.
» Children are not permitted in the classrooms at any time.
» Absolutely no cheating or plagiarism will be allowed. This includes helping others to cheat or doing their homework/assignments for them.
» Absolutely no physical violence or threats of physical violence to other students, instructors, or property will be tolerated.
» Absolutely no bullying, harassment, or stalking will be tolerated - this includes in-person and online.
» Weapons are not allowed on UCF campus at any time.

Anyone who violates these guidelines may be subject to dismissal from the program.
CAN I USE MY CELL PHONE OR OTHER ELECTRONIC DEVICES IN CLASS?

You can use your cell phone or other electronic devices in class only when you have specific permission from your instructor. You should respect both your instructors and your classmates by having all phones and electronic devices in silent mode and put away during class time. Students should not leave class for non-emergency calls or texts.

WHAT ARE MY STUDENT RESPONSIBILITIES?

1. Attend all classes on time for your study and intellectual development.
2. Observe all UCF policies and regulations.
3. Have excellent ethical and moral behavior and contribute to the well-being of our community.
4. UCF’s Student Code of Conduct: osc.sdes.ucf.edu/process/roc

What are my student rights?

Because UCF Global is part of UCF, we follow the same guidelines for student rights and responsibilities. The complete document listing student rights and responsibilities can be found at osrr.sdes.ucf.edu. You are encouraged to read and ask questions about this document.
As a UCF Global student, you have the following student rights:

1. **Membership in an UCF Registered Student Organizations (RSO)**
   For a full list of RSOs, visit:
   knightsconnect.campuslabs.com/engage/organizations

2. **Freedom to hold public forums**

3. **Freedom to hear, write, distribute, and act upon thoughts and beliefs**
   
   **REMEMBER:**
   - Only written materials that **clearly identify the author and/or sponsor** may be sold and/or distributed on campus.
   - Students must get non-UCF or off-campus printed materials approved by the Director in order to distribute them to students/post them or to distribute materials/petitions inside the building.

4. **Confidentiality of student records.**
   - UCF student records are kept securely in digital format as long as Florida public records schedule states. All emails are kept for seven years.

5. **Religious Observances**
   - The University of Central Florida will reasonably accommodate the religious observances, practices, and beliefs of individuals in regard to admissions, class attendance, and the scheduling of exams. Students who want to observe a religious holy day of their own faith must notify all of their instructors at the beginning of the session to be excused from classes to observe the religious holy day.
   - Students will be responsible for all material (including tests, in-class assignments, and homework) covered during the absence but will be given a reasonable amount of time to complete any work missed.
   - Students who inform their instructors at the beginning of the session and are absent from academic or social activities because of religious observances will not be penalized.
WHAT IS THE POLICY ON CHEATING AND PLAGIARISM?

We expect that no student will intentionally cheat on their academic work. However, because there are different cultural ideas about what cheating is, here are the expectations at UCF Global:

» In testing environments (quizzes, tests, exams) your work is to be completed individually and to be original.

» Students’ work should be based on their original ideas or research. If others’ ideas are used, they must be properly cited.

» Using another person’s words or ideas in a written assignment without citation (i.e. copying and pasting from the internet and turning in as your own work), or including your own work that you have turned in for another class is considered plagiarism. Further information will be provided in your syllabus given by your instructors.

International Student & Scholars Services

UCF Global welcomes, supports, and empowers international students and scholars by providing immigration guidance, advocacy, and support services. If you have questions about immigration or adjusting to life in the United States, meet with an Immigration Advisor. We’re here for you!

These services are located on the second floor of UCF Global. Immigration Advisors hold walk-in hours every Monday through Friday in the morning and afternoon. We can also be reached at 407-823-2337.

Key Immigration Terms

- **Visa**
  
  F and J visas are non-immigrant visas that allow admission to the United States temporarily to pursue full-time studies. You can think about the visa stamp in your passport like a “ticket” to enter the US similar to a ticket to enter a theme park. Once you use your ticket to enter the theme park, it has served its purpose but if you leave the park, you would need to show a valid ticket to reenter. It is the same with your visa.

- **Status**
  
  Your status is given at the port of entry and is indicated on your I-94 and on the stamp the Customs and Border Protection officer gives you at the port of entry. Your status indicates how much time you can remain in the U.S. As F-1 or J-1 students, you are permitted to remain in the US for “duration of status.”

- **Passport**
  
  Your passport should be valid at all times you are in the US and should be valid for at least 6 months when you reenter the US after travel abroad. If your passport will expire, be sure to contact your embassy to renew your passport. If you get a new passport, it is important to provide a copy to your Immigration Advisor.
I-94
Your I-94 is an electronic document that shows your status. You can download your I-94 from the Customs and Border Protection website.

Duration of Status (D/S)
As long as you are maintaining your status and your I-20 or DS-2019 is valid, you can stay in the US even if your visa has expired.

Grace Period
F-1 students have a 60-day grace period from your date of graduation. You are eligible for a grace period if you graduate from the IEP and your I-20 is still valid. During your 60-day grace period, you can:
- Begin a new academic program at UCF
- Transfer to another school to start a new academic program
- Travel within the U.S.

If you decide not to do any of those things, you should depart the US before your grace period ends.

J-1 students have a 30-day grace period from your date of graduation. You are eligible for a grace period if you graduate from the IEP and your DS-2019 is still valid. During your 30-day grace period, you can:
- Travel within the U.S.

J-1 students should depart the US before their grace period ends.

I-20 and DS-2019
It’s important to familiarize yourself with your I-20 (F-1 students) or DS-2019 (J-1 students). Your I-20 or DS-2019 is one of your most important immigration documents while you are an F-1 or J-1 student. It indicates information about you, your school, your academic program, your program dates, and your funding. Your I-20 or DS-2019 should always reflect your current information. If any of your information changes, you need to meet with your Immigration Advisor to update your I-20 or DS-2019.
Maintaining Valid F-1 or J-1 Status

You are responsible for learning about and complying with the terms and conditions of your F-1 or J-1 immigration status. Failing to comply is deemed a violation of immigration status and may have serious consequences on your ability to remain in or return to the United States.

Full-Time Enrollment

F-1 and J-1 students must be enrolled full-time for the entire duration of the IEP Program. Full-time enrollment means taking five (5) classes each academic session.

Attendance

You need to follow the attendance policy and attend your classes in order to maintain your immigration status. Violating the attendance policy with excessive absences may result in the termination of your SEVIS record.

Annual Vacation

If you have been enrolled for four (4) consecutive sessions you may be eligible for an annual vacation if you intend to enroll in the next session. If approved for a vacation, you may take one (1) session off and still maintain valid F-1 status. During your annual vacation, you may stay in the United States or travel outside of the US. You must apply for annual vacation before the next session begins.

I-20 or DS-2019 Extension

If your I-20 or DS-2019 will expire before you finish the IEP program, you need to request an extension before it expires.

Address and Phone Numbers

If you move to a new address or change your phone number, you are required to report your new address and phone number to UCF Global within 10 days of the change so that your Immigration Advisors may update your SEVIS record. To report a new address and phone number, log into your myUCF account and update your address and phone number.
Travel

If you plan to travel outside of the United States, make sure that you have the following:

» Valid I-20 or DS-2019 with a travel signature signed within one year
» Passport valid for at least six months from your date of reentry
» Valid F-1 or J-1 visa through the date of your reentry*

(*some exceptions may apply for travel to Canada, Mexico, or the adjacent islands)

Work

F-1 and J-1 students are permitted to work on-campus up to 20 hours per week. You may not work off-campus. Working off-campus is a serious violation of your immigration status.

Change of Level

If you are admitted to a Bachelor’s, Master’s, or Doctoral program at UCF, you need to have your I-20 or DS-2019 updated. Meet with an immigration advisor for more information about the deadlines and required documentation.

- If you have immigration, transfer, I-20, or visa questions, including annual vacations, you should see an immigration advisor.

**WHEN CAN I ADD OR DROP CLASSES?**

The deadline to add/drop classes is on Friday of the first week of each session. The academic calendar has information about the add/drop period.

For up-to-date information, visit: [global.ucf.edu/programs/calendar-iep](http://global.ucf.edu/programs/calendar-iep)

If you add a class after the add/drop period, there is an additional late fee. If you drop from class after the add/drop period, you remain liable for tuition fees and there are no refunds.

**CAN I TAKE MY FINAL EXAMS EARLY?**

No, all exam dates are announced at the start of each session by instructors and are available on the UCF Global website and calendars. You should not travel on these important dates.

We encourage you to make an appointment with your instructors to receive additional help.

**HOW DO I FINISH THE PROGRAM?**

In order to successfully complete the UCF Global Intensive English Program, you must successfully complete Level 8, 9, or 10 core courses with a **passing grade of a C or better**. Starting in level 8, you will be required to complete an Intent to Graduate form with UCF Global Academic Services to determine which level you intend to complete the program.
If you want to appeal your final grade, speak with your instructor. If you have additional questions or concerns please make an appointment to see an Academic Advisor to submit a grade appeal request.

UCF Global awards a Certificate of Completion for successfully finishing level 8, level 9, or level 10. The Certificate can be requested online through myINTL. There is a recognition ceremony at the end of the semester for all levels of students, faculty, and staff to congratulate students’ successful achievement.

**UCF PROFICIENCY WAIVER**

Students enrolled in the Intensive English Program who have applied for an undergraduate or graduate degree program at UCF, can meet English proficiency requirements per University regulations by completing all core classes in level 8 or higher with a ‘B’ average or better. This would waive the TOEFL requirements for UCF. If eligible, you can request a Proficiency Waiver online through myINTL.

**DOCUMENT REQUESTS**

Transcripts, enrollment verification letters, UCF proficiency waiver, receipts, and other documents can be requested with your NID credentials using our online system. Students must have access to the email account associated with their UCF records.

Access the online Document Request through myINTL by entering your NID and password. Please make sure that your personal information is correct prior to submission. If you are requesting multiple document types (for example Enrollment Verification Letter and Transcript), you will need to complete separate requests. The general processing time is 2 business days.

For more information, please visit: global.ucf.edu/programs/currentstudents

Housing

Finding a place to live can be one of the most important decisions you have to make when you begin at UCF. This appendix describes some of the options available to you in the UCF area. Also, this appendix gives you information about renting and leasing apartments and houses.

FINDING VACANCIES

1 On-campus housing is available through UCF Housing and Resident Life.

2 Listings of local apartment complexes are available on the UCF Off-Campus Partners website.

HOUSING OPTIONS

Most apartments require either a one-semester or a nine-month lease. Security deposits of either a set fee or one month’s rent are standard, although some will vary. Some apartments are furnished; however, dishes, linens, pots, pans, and silverware are usually not included. Some apartments offer such amenities as swimming pools, game rooms, cable TV, color TVs, dishwashers, and washers and dryers.

LEASE AGREEMENTS

When you rent a room or an apartment, you will be required to sign a lease. A lease is a written contract between you (the tenant) and the landlord (the owner of the rental property). When you sign a lease, you agree to pay a certain amount of money each month over a specific period of time (usually 6, 9, or 12 months) and to follow certain rules in exchange for the right to occupy the rental property for a set period of time. Most lease agreements require that you pay a security deposit, which is usually equal to one month’s rent. This security deposit will be returned to you if you meet all the requirements of your lease.

What to consider when renting an apartment!

- Location
- Cost
- Condition
- Security
- Windows
- Storage
- Noise
- Wiring
- Services
- Building
- Space
- Lease Length/ Terms
**HOUSING PROBLEMS**

If you have a problem with your landlord or owner concerning rent, deposit, refund, repairs, etc., try the following:

1. **Talk with your landlord first.** He or she may not be aware of the problem. Be sure that the landlord has an opportunity to respond to your complaint before going somewhere else for help.

2. **Contact UCF’s Student Legal Services.** This free service is available to current UCF students. The legal professionals working in this department can answer your questions and give you advice about housing problems. For more information, visit

**GENERAL INFORMATION**

A landlord/owner may not refuse to rent to you because of your race, gender, religion, or national origin according to the Federal Fair Housing Law (Title VIII of the 1968 Civil Rights Act). Not only does this cover refusing to rent to someone, but also discriminating against someone in the terms, conditions, privileges, or the availability of services or facilities by the landlord/owner.

**RENTER’S INSURANCE**

You should consider purchasing renter’s insurance while in the United States. Lists of insurance agencies can be found in an internet search. You should contact different companies for price quotes to get the lowest insurance rate with the best coverage.

ACADEMIC CONDUCT: STANDARDS
Americans value original thinking and academic honesty. Academic honesty means that you are graded on your own original work. When you use another person’s work as your own, it is called plagiarism. This can result in a grade of 0 (zero) on tests or assignments or failing the course. It can result in you being dismissed from the IEP. If you have questions about cheating or plagiarism, please talk to your instructor! Please see the policy on page 22 about cheating and plagiarism. As a result of academic dishonesty in a course, the appropriate grade, will be assigned to a student preceded by the letter Z.

ACADEMIC YEAR
At the IEP, the academic year is divided into three semesters: fall, spring, and summer with two sessions each. The IEP semester schedule follows the UCF semester schedule.

ASSESSMENT
An assessment is used to evaluate your English. It can be a quiz, exam, test, presentation, essay, or other work.

ASSIGNMENT
An assignment is any classwork done outside of class. It can include workbook questions, reading books, writing outlines/drafts, or other tasks. This is required by your instructor to improve your English skills.

SYLLABUS
The syllabus has the information for the course for the semester. It includes information about class expectations, policies, the textbook, schedule, exams, and grades.

FINAL EXAM
The final exam is a test at the end of the session. It is an important part of your total grade for the course.

TRANSCRIPT
A transcript is an official document that shows your courses and your grades. You can request a transcript at the UCF Global front desk.
Notes:
