About PLAY BALL

The PLAY BALL initiative is baseball's global effort to encourage young people and communities to engage in baseball or softball-related activities, including formal leagues, special events and casual forms of play. PLAY BALL events have become MLB's signature youth engagement activity during the professional and amateur baseball and softball calendar, especially on key dates throughout MLB's Championship Season and through the World Series.

PLAY BALL events demonstrate the positive way the game can serve as an outlet for physical activity, fun with friends and learning how to play the sport at its most basic levels. PLAY BALL also serves as the League's youth umbrella in which all associated programs and events derive from the initiative's consistent, simple message: However You Play Ball, PLAY BALL! PlayBall.org is the PLAY BALL initiative's online home and is accessible via MLB.com, USABaseball.com, USASoftball.com and other partner websites.
